REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 5,16-20 are allowed.

Regarding Claim 16.

Kadota et al (US 6031512) discloses in Figure 1 a first substrate (20) a plurality of gate lines (3) formed on the first substrate (20). A gate insulating layer (4) formed on the gate lines (3); a semiconductor layer (2) formed on the gate insulating layer (4); a plurality of data lines (not shown, known existence) formed on the gate insulating layer (4) and intersecting the gate lines (3) to define a plurality of pixel areas; a first protective layer (5) formed on the data lines (not shown, known existence); a plurality of red (8), green (9), blue (10) color filters formed on the first protective layer (5). A second protective layer (11) formed on the color filters (8,9,10). A plurality of pixel electrodes (1) formed on the second protective layer (11) and electrically connected (CON) to the gate lines (3) and data lines through the semiconductor layer (2). A second substrate (12) facing the first substrate (20). A common electrode (13) formed on the first substrate and a liquid crystal layer (shown between 13 and 1) interposed between the first substrate (20) and second substrate (20).

Park et al (US20020074549) (Page 5 Row [0097]) teaches the use of an Ohmic contact layer used to reduce contact resistance to provide better contact between semiconductors.

Morozumi (Re 33882) discloses (column 10, row 48-60) that the use of transparent filters are used so that the overall brightness of the display can be improved.

Tanaka Tsutomu (JP 2001-296523) discloses the white filter having an area smaller than the rest of the color filters.

The prior art does not disclose nor would it have been obvious to disclose wherein the area of the blue filter and transparent (white filter) has a smaller area than the area of the red or green filter.

Claim 5, 17-20 depend on Claim 16, therefore are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
